Electricity Generation
from Municipal Solid
Waste, combined with
cement production

PRESENTATION OF SATAREM OIL & GAS EQUIPMENT

- ▣ SATAREM is a leading company in engineering and supply of Oil & Gas equipment for upstream and downstream applications such as:
 - JACK UPS
 - DRILLING RIGS & WORKOVER RIGS
 - MUD PUMPS & PUMPING UNITS
 - DRILLING & PRODUCTION TOOLS
 - BLOWOUT PREVENTER, WELLHEAD EQUIPMENT & X-MAS TREE
 - SPARE PARTS
 - HEAT TURBINES
 - TURBO EXPANDERS
 - TURBO COMPRESSORS
 - CRYOGENIC PUMPS
 - HEAT EXCHANGERS
 - BOIL OFF GAS COMPRESSORS
 - PIPES, FITTINGS, VALVES

SATAREM OIL & GAS

Our Equipment & Realisations

Our Specialised Workforce includes:

- Project Manager
- Construction Manager
- Construction Superintendent
- Rig Manager
- Drilling Supervisor
- Drilling Engineers
- Drillers Field Engineer
- Hydraulic Engineer
- Electrical Supervisor
- Electrical Engineer
- Mechanical Supervisor
- Mechanical Engineer
- Maintenance Manager
- Field Maintenance Supervisor
- Maintenance Supervisor
- Maintenance Supervisor
- Engineer
- Technician
- Welder
- Port Captain
- Instrumentation Foreman
- Site foreman
- Cooling System Engineer
- Well & Slickline Supervisor
- Wire line Principal foreman
- Wire line & Production Superintendent
- Process Pipeline Supervisor
- Completion Supervisor
- Production Engineer

Final Products

- ▣ Product yield from crude (% of total crude processed 94.3%)
 - Gasoline 92 octane: 33.7%
 - Diesel: 21.1%
 - Fuel Oil: 16.4%
 - Kerosene: 6.6%
 - Industrial Diesel: 6.5%
 - Jet A: 5.0%
 - LPG: 5.0%

Simplified technical process
